

Home learning Spring 1 Year 2 Green class

'Bread and butter' learning - these are the things that need to be happening regularly:

- Reading (Can you reach the top of the reading tree? Read 3x per week)
- Spellings (we aim to have new spellings every 2 weeks)
- Counting in 2's, 3's, 5's and 10's
- Using money

Choose **TWO** of the following to complete during this half term. Present your work neatly in your special 'Home Learning' book.
Tasks due in by Monday 25th February 2019

Topic

We have been looking at farming.
We have also looked at animal life cycles. We have noticed animals have young. Create a life cycle of a farm animal.

Challenge:

Can you design a farm? You may wish to make one using lego, draw it or use junk modelling.

Maths

We have looked at block diagrams and tallies. On your way to school create a tally of how many of each colour car you see. Create a block diagram of your results.

Challenge:

Can you think of something different you could create a tally and block diagram for?

Art

In art we are looking at collage. Create a collage.

Challenge:

Using different materials for example magazines, kitchen roll, old fabric create a collage.

Recounts

We are learning to write instructions. We have been looking at starting an instruction with a verb (doing word). Write a set of instructions for something. For example cleaning your parents car, getting dressed, baking something or playing a game.

Remember to use numbered bullet points, capital letters, full stops and verbs.

Challenge:

Create a board game and write instructions how to play.
